NEW RANGE ROVER VELAR
Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them, each one imbued with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

INTRODUCING A NEW TYPE OF RANGE ROVER

Performance and Capability Technology Safety Versatility

NEW RANGE ROVER VELAR

Land Rover is proud to introduce the New Range Rover Velar. A brand new addition to the Range Rover family, sitting between the Range Rover Evoque and the Range Rover Sport. A new dimension in glamour, modernity and elegance, with emotionally charged DNA and unquestionable design pedigree.

Search 'Range Rover Velar' to see the vehicle in action.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrasting roof, privacy glass and 22” 9 split-spoke ‘Style 9007’ wheels with Diamond Turned finish. Vehicles shown are from the Land Rover global range. Specifications, options and availability will vary between markets and should be verified with your nearest Land Rover Retailer.

“New Range Rover Velar’s interior is a calm sanctuary, created through elegant simplicity and a visually reductive approach, with design enabled technologies like the Touch Pro Duo infotainment system. All-LED lights and deployable flush door handles on the exterior complete a truly compelling design and, of course, it’s a Land Rover with unrivalled capability in all conditions. Introducing the New Range Rover Velar: the Avant-Garde Range Rover.”

Gerry McGovern
Land Rover Chief Design Officer

Features and their availability may differ by vehicle specification and market. For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22” 9 split-spoke ‘Style 9007’ wheels with Diamond Turned finish.

INTELLIGENT VERSATILITY
To make your journey even more comfortable, Range Rover Velar provides 970mm head clearance and 945mm knee clearance for occupants, along with exemplary loadspace of 673 litres*. Optional Electronic Air Suspension** enables automatic access height for elegant entry and the option of Powered Gesture Tailgate allows simple loading with hands free access. See page 38 for details.

DISTINCTIVE INTERIOR AMBIANCE
The Range Rover Velar cabin is a calm sanctuary. Wind and road noise are minimised through the use of aerodynamic undertrays and acoustically laminated front glazing. Rear passengers can benefit from optional Reclining Rear Seats, optional Four-zone Climate Control and two optional 8” Rear Seat Entertainment screens. See page 11 for details.

DESIGN ENABLED TECHNOLOGIES
The standard Touch Pro Duo infotainment system makes life more connected and entertaining. The system seamlessly integrates two 10” high-definition Touchscreens to enable you to make a phone call on one screen while navigating on the other. Touch Pro Duo is complemented with full-colour Head-up Display, an optional driver-orientated system providing sharp graphics and optional Interactive Driver Display with configurable touch steering wheel controls. See page 21 for details.

CAPABILITY IN ALL CONDITIONS
Range Rover Velar has world-renowned Land Rover capability at its core. Standard features include All Wheel Drive (AWD) with Intelligent Dynamics (IDD), Adaptive Dynamics and Torque Vectoring by Braking to deliver a connected drive. Adding to driver confidence off-road, optional features include: Electronic Air Suspension**, All Terrain Progress Control (ATPC), Terrain Response 2 and an Active Rear Locking Differential. Class-leading wading depth of up to 650mm helps provide composure and sure-footed progress in challenging conditions. See pages 14 to 19 for details.

*When Tyre Repair System is fitted. **Standard on D300 and P380 engines. Optional on D240.
Sophisticated. Intelligent. Advanced. Refined power and effortless elegance combine with exquisite effect in this outstanding example of contemporary automotive design. Range Rover Velar is beautifully balanced, with optimised proportions. Its proud Range Rover lineage is instantly recognisable, from the formal, powerful volumes of the front end, through a flowing, continuous waistline, culminating in a taut and elegantly tapered rear.

The sleek volumes of the lower body, with its flawlessly integrated deployable flush door handles, bear witness to our obsession with the finest detail. Optional 22” wheels optimise the vehicle’s stunning proportions, further emphasising Range Rover Velar’s spectacular road presence. At the rear, the vehicle’s design is distinguished by quad tail light signature elements within a full-width graphic incorporating the iconic Range Rover script, seamlessly harmonising the vehicle’s lines to stunning effect.

Search ‘Range Rover Velar Design’ for full details.

**CELEBRATION OF EXTERIOR DESIGN**

---

**Vehicles shown above are R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22" 9 split-spoke ‘Style 9007’ wheels with Diamond Turned finish.**
CELEBRATION OF INTERIOR DESIGN

Range Rover Velar’s cabin exudes elegant simplicity. The familiar Range Rover interior design architecture, with its strong elegant horizontal lines, blends seamlessly with innovative features to give a feeling of calm, and enhances the driving experience.

Two seamlessly integrated 10” Touchscreens and minimalistic controls as standard, give easy control of the latest advanced technology. As the vehicle is started and comes to life, the revolutionary Touch Pro Duo technology reinforces the overall sense of luxury and innovation. Everything has been designed and crafted to help you and your passengers arrive relaxed.

The twin sliding armrests, which operate independently, help maximise your individual comfort.

Beautiful materials, including optional Windsor leather with a signature Cut Diamond pattern throughout the cabin, add a contemporary twist. Modern premium textiles, expertly constructed in collaboration with Europe’s leading manufacturer of high quality and design led textiles, Kvadrat, are offered as an alternative to leather.

The elevated position of our renowned Sports Command Driving Position, enables you to see further down the road and view your surroundings with greater clarity so you stay in control no matter what the conditions or traffic.

The option of Configurable Ambient Interior Lighting in a choice of ten colours creates the right mood. Whilst the optional sliding panoramic or fixed panoramic roof floods the cabin with light, bringing the outside in.

Search ‘Range Rover Velar Design’ for full details.
PERFORMANCE AND CAPABILITY

ENGINES AND TRANSMISSION

From power and sheer driving pleasure to fuel economy and refinement, there is a range of engines available for Range Rover Velar and each has been optimised for specific attributes to suit all needs. All engine types are equipped with Stop/Start technology and smart regenerative charging, this feature harnesses kinetic energy from braking to charge the battery for maximum economy, especially during urban driving. Ingenium technology underpins all of the 4-cylinder engines in the Range Rover Velar range. These low friction, all-aluminium engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance.

Search ‘Range Rover Velar Performance’ for full details.

DIESEL ENGINES

D180
The Ingenium 2.0 litre 4-cylinder 180PS Turbocharged Diesel engine produces 430Nm of torque and is optimised to deliver the best fuel economy in the range. High pressure common rail fuel injection and an ultra-early fuel cut and overspeed care limit ensure increased efficiency at low loads. Twin scroll turbocharging and a variable geometry turbocharger that adapts to the changing flow of exhaust gases for high torque and low emissions help ensure that it delivers its maximum performance throughout the rev range.

D240
The Ingenium 2.0 litre 4-cylinder 240PS Twin Turbocharged Diesel engine produces 500Nm of torque, which improves upon performance while maintaining impressive fuel economy.

D300
The 3.0 litre V6 300PS Twin Turbocharged Diesel engine produces 700Nm of torque and is ideal for higher power and torque demand usage with exceptional drivability.

PETROL ENGINES

P250
The Ingenium 2.0 litre 4-cylinder 250PS Turbocharged Petrol engine produces 365Nm of torque and delivers outstanding fuel economy and drivability.

P380
The 3.0 litre V6 380PS Supercharged Petrol engine produces 455Nm of torque and is the top of the range for ultimate performance.

8-SPEED AUTOMATIC TRANSMISSION

All Diesel and Petrol engines in Range Rover Velar are coupled with an 8-speed Automatic Transmission. With eight closely spaced ratios, the transmission ensures that you are always in the optimum gear, maximising fuel efficiency and acceleration. Gear changes are almost imperceptible and shift schedules intelligently adapt to your driving style.

--This section is continued on the next page--
ALL WHEEL DRIVE WITH INTELLIGENT DRIVELINE DYNAMICS

Range Rover Velar’s All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) fitted as standard delivers both outstanding on-road performance and the full off-road capability expected of a Range Rover. Working together, AWD with IDD continually optimises the engine torque distribution to the front and rear wheels to ensure maximum traction and fuel efficiency in all road and weather conditions. Uniquely developed to meet Range Rover Velar’s requirements, the highly durable transfer box uses an electro-mechanically activated multi-plate wet clutch to deliver smooth and precise distribution to the front and rear wheels. This ensures the constant optimisation is imperceptible from the cabin and available engine torque is maximised to give efficient vehicle traction.

IDD determines the required distribution by continually monitoring the vehicle and its interaction with the road. Typically starting with a 50:50 distribution to ensure maximum controlled stability from the first vehicle movement, the system has the full capability of 100 percent rear bias to 100 percent front bias should road conditions require it. Predictive, as well as reactive, the system helps prevent losing traction as well as working to regain it.

LOW TRACTION CONDITIONS

On slippery surfaces, such as wet grass and snow, torque can be balanced between the front and rear wheels to maximise traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for optimum grip.

HIGH TRACTION CONDITIONS

On smooth, dry surfaces, Range Rover Velar provides intelligent torque distribution to the rear wheels for the most efficient drive as well as delivering precise agility and handling.

TORQUE VECTORING BY BRAKING

Torque Vectoring by Braking delivers controlled, responsive cornering by reducing near-limit understeer through controlled braking of the inside wheels.

ADAPTIVE DYNAMICS

The standard Adaptive Dynamics system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. To do this, the system constantly analyses acceleration, steering, throttle and brake pedal activity. The electronically controlled dampers adjust to optimise the suspension settings and provide the optimum balance between comfort, refinement and agility at all times.

CONFIGURABLE DYNAMICS

To enhance either refinement and comfort on the vehicle’s performance, the optional Configurable Dynamics function allows you to configure Range Rover Velar’s throttle mapping, gearbox shift points, steering settings and suspension to suit your driving needs. Search ‘Range Rover Velar Capability’ for full details.
CAPABILITY IN ALL CONDITIONS

The first vehicle to combine luxury and refinement with world-renowned all-condition capability, Range Rover continues to be leading-edge. Range Rover Velar offers new levels of style, whilst its unique Land Rover technologies and optimised geometry secure its position at the forefront of all-terrain capability.

Land Rover’s patented Hill Descent Control (HDC) is a standard feature. It assists the driver with controlled descents of difficult slopes. It does so by maintaining a constant speed and applying braking separately to each wheel. Hill Launch Assist, which also comes as standard, ensures the vehicle doesn’t roll backwards as it pulls away on an incline. The vehicle also utilises Gradient Release Control, which prevents the vehicle accelerating too quickly on a steep incline when the driver releases the brake.

ELECTRONIC AIR SUSPENSION

A sure-footed, composed drive is completed by the latest optional Electronic Air Suspension*, which provides exceptional wheel articulation and poise. It changes the vehicle’s height quickly, allowing cross-linking of the diagonal wheels to keep all four wheels on the ground on very uneven surfaces. Added to which, it makes loading heavy objects into the boot easier as you can alter the vehicle’s height by +/- 50mm to suit your needs. These functions can be operated via the 10” touchscreen or button** in the loadspace area. The Speed Lowering System also uses the Electronic Air Suspension to reduce aerodynamic drag and fuel consumption at cruising speeds by lowering the vehicle by 10mm from normal ride-height when the speed reaches 105km/h.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art optional system that enables you to set and maintain a steady speed in challenging conditions such as slippery surfaces, including mud, wet grass, ice, snow and dirt roads. Operating like a cruise control system, it functions between 1.8km/h and 30km/h, enabling you to maintain full concentration on steering and finding a path through obstacles.

*Standard on D300 and P380 engines. Optional on D240. **Only available when optional towing equipment is selected.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22" 9 split-spoke ‘Style 9007’ wheels with Diamond Turned finish.
**TERRAIN RESPONSE**

When you manually select Land Rover’s unique standard Terrain Response system, it sets the vehicle up optimally to match the demands of the terrain, by adapting the responses of the vehicle’s engine, gearbox, differentials and chassis systems. There are six Terrain Response settings: Comfort, Grass/Gravel/Snow, Mud and Ruts, Sand, ECO and Dynamic Mode.

**TERRAIN RESPONSE 2**

Terrain Response 2 is an option that takes the capabilities of the award winning system to a new level. This features an automatic setting which monitors the current driving conditions and systematically selects the most suitable terrain setting. You can manually override the system should you wish. This function works seamlessly through the Touch Pro Duo’s Control Panel (lower Touchscreen).

**WADE SENSING**

Unique to Land Rover, this optional system uses ultrasonic sensors in the wing mirrors to visually and audibly alert the driver if the water approaches the vehicle’s class-leading wading depth of up to 650mm*. It does so by providing real-time pictorial information via the Touchscreen about its depth in relation to the vehicle and its maximum wading capability. Only available with Surround Camera System.

**ACTIVE LOCKING REAR DIFFERENTIAL**

The Active Locking Rear Differential** ensures the greatest level of traction in all weather conditions both on- and off-road. A typical open differential transfers equal torque to the driven wheels meaning that if one wheel slips, then torque transfer to the other wheel is also limited, which reduces traction. Whereas, Range Rover Velar’s All-Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) † and Electronic Traction Control (ETC) †, both fitted as standard, go two steps further by distributing torque to both the front and the rear wheels, and by braking the wheels independently to improve traction respectively. The addition of the Active Locking Rear Differential delivers the ultimate combination to maximise traction through limiting slip across the rear wheels.

A second multi-plate wet clutch between the rear wheels can lock almost instantly to provide full engine output torque to both wheels. This can be especially useful to deliver effortless capability in low grip conditions such as patchy ice, wet grass or during wheel articulation off-road. It also provides maximum traction when exiting a corner, as when the inside wheel becomes unloaded due to weight transfer, the Active Locking Rear Differential increases the torque to the outside wheel.

Search ‘Range Rover Velar Capability’ for full details.

---

*When Electronic Air Suspension is fitted.  **Optional on V6 engines only. Standard on First Edition.  †Please reference page 14 for full explanation of All Wheel Drive with Intelligent Driveline Dynamics and Torque Vectoring by Braking.
Unique to Land Rover, the new InControl infotainment system, Touch Pro Duo not only looks like no other, it performs like no other. Delivering a wealth of information and entertainment, it features the most intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

Search ‘Range Rover Velar Technology’ for full details.

TOUCH PRO DUO
The new standard 10” dual high-definition Touchscreens allow the user to view required information whilst simultaneously being able to interact with additional features, for increased flexibility and efficiency of use. For instance, you can use the navigation system in the upper screen whilst playing media on the lower screen. Direct access to cabin and seat temperature controls are also available via the new multi-function Dynamic Dials. For a truly elegant and streamlined appearance, the steering wheel also has new hidden-until-lit, touch-sensitive switches as standard. One of these switches is programmable, so that it can be personalized to your preferences to accomplish a host of functions.

INTERACTIVE DRIVER DISPLAY
Range Rover Velar ensures you’re always entertained, informed and connected. It features an optional 12.3” high-definition Interactive Driver Display* that can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin sharp graphics. Features can be accessed on either the Interactive Driver Display or the Touch Pro Duo Touchscreens.

HEAD-UP DISPLAY
Without distraction or the need for you to take your eyes off the road, Head-up Display** is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windscreen. It features crystal clear full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Duo Touchscreens including phone and media. It can also show you the brand of the track you are listening to. The feature can be turned on and off dependent on driver preference.

REAR SEAT ENTERTAINMENT
The optional Rear Seat Entertainment System provides two 8” screens built into the rear of the front headrests. It includes ‘Journey Status’, a Navigation Summary screen which displays a pop-up for the rear occupant detailing the time and distance to destination. The system comes with two pairs of WhiteFire® digital wireless headphones and HDMI, Mobile High-Definition Link (MHL) and USB connections. Passengers can also enjoy their favourite TV shows via the optional Digital TV feature. Digital TV channels can be watched on the 10” Touchscreen in the front cabin and the Rear Seat Entertainment screens.

*Included within SE and HSE Specification Packs or optional. **Requires solar attenuating windscreen in some markets. Image shown with optional Traffic Sign Recognition and Adaptive Speed Limiter.† Digital TV can only be viewed on the 10” Touchscreen when the vehicle is stationary.

WhiteFire® is a registered trademark of Unwired Technology LLC and any use of such marks by Land Rover is under licence.

Interior shown is R-Dynamic HSE with Light Oyster/Ebony interior in Windsor leather with optional features.
AUDIOLAND ROVER SOUND SYSTEM (STANDARD)
Outstanding acoustic range through eight speakers.

MERIDIAN SOUND SYSTEM (OPTIONAL)
Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of 11 door-mounted speakers including a dual channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM (OPTIONAL)
All the fullness and clarity of a live performance delivered through an arrangement of 17 front, side and rear speakers including a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

MERIDIAN SIGNATURE SOUND SYSTEM (OPTIONAL)
This delivers truly life-like reproduction, creating a profound, personal sound experience for every seat. World-first Trifield 3D technology takes surround sound to the next level, the Signature Sound System includes 23 speakers including a dual channel subwoofer – virtually bringing together the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

DAB RADIO (OPTIONAL)
The option of DAB radio technology offers improved sound quality, a wide choice of stations and live text information about the station, show and song you are listening to.

MERIDIAN
Formed in 1977 in Cambridgeshire, England, Land Rover’s audio partner Meridian has pioneered many firsts including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that Range Rover Velar is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for each passenger.

MERIDIAN SIGNATURE SOUND SYSTEM (OPTIONAL)
This delivers truly life-like reproduction, creating a profound, personal sound experience for every seat. World-first Trifield 3D technology takes surround sound to the next level, the Signature Sound System includes 23 speakers including a dual channel subwoofer – virtually bringing together the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

DAB RADIO (OPTIONAL)
The option of DAB radio technology offers improved sound quality, a wide choice of stations and live text information about the station, show and song you are listening to.

MERIDIAN FORMED IN 1977 IN CAMBRIDGESHIRE, ENGLAND, LAND ROVER’S AUDIO PARTNER MERIDIAN HAS PIONEERED MANY FIRSTS INCLUDING ACTIVE SPEAKERS AND THE WORLD’S FIRST DIGITAL SURROUND SOUND PROCESSOR. MERIDIAN’S AUDIO TECHNOLOGY INPUT HAS HELPED ENSURE THAT RANGE ROVER VELAR IS THE MOST SUPERB SPACE WITHIN WHICH TO EXPERIENCE SOUND. MERIDIAN CABIN CORRECTION TECHNOLOGY WAS UTILISED TO ANALYSE CABIN SHAPE, ACOUSTICS AND RESONANCE CHARACTERISTICS IN ORDER TO HELP REMOVE UNWANTED SOUNDS. THE ADVANCED ALGORITHM ENSURES THAT THE RHYTHM, PUNCH AND TIMING OF ANY PIECE OF MUSIC ARE HEARD PRECISELY HOW THE ARTIST INTENDED, PROVIDING A CONSISTENTLY EXCEPTIONAL QUALITY AUDIO EXPERIENCE FOR EACH PASSENGER.

MERIDIAN BUILDING ON MERIDIAN’S PROVEN TRIFIELD SURROUND SOUND TECHNOLOGY – WORLD-FIRST IN CAR TRIFIELD 3D TRULY BRINGS MUSICAL PERFORMANCES TO LIFE. THROUGH THE ADDED OF DELICATE HEIGHT CHANNELS, THE SENSE OF CABIN SPACE IS EXPANDED TO A 3D EXPERIENCE, FOR A SUPREME SENSE OF SCALE AND DEFINITION TO YOUR MUSIC.

22 SPEAKERS 1 SUBWOOFER

MERIDIAN IS A REGISTERED TRADEMARK OF MERIDIAN AUDIO LTD. TRIFIELD AND THE “THREE FIELDS” DEVICE ARE TRADEMARKS OF TRIFIELD PRODUCTIONS LTD. PATENTS AND OTHER PROTECTIVE LEGAL RIGHTS APPLY IN VARIOUS COUNTRIES.
InControl is Land Rover’s suite of standard and optional features that connect you to your vehicle and links you seamlessly, and securely, with the outside world. Select from three available packs, that can be further enhanced by our individually offered feature, Secure Tracker. With a selection of apps, even when you’re away from your vehicle, some of the InControl features stay with you, making sure the Land Rover experience is more enjoyable than ever.

Search ‘Range Rover Velar Technology’ for full details.

Vehicle shown above is R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22” 9 split-spoke ‘Style 9007’ wheels with Diamond Turned finish.

**VOICE RECOGNITION SYSTEM**

Understands clear spoken instructions, so you can concentrate on the road ahead without any distractions.

**REMOTE PACK**

InControl Remote app provides upgraded information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, the service includes:

- **Remote Lock/Unlock** – Lock or unlock your doors remotely with the click of a button. Simply press the ‘lock’ button on the Vehicle Security screen of the InControl Remote smartphone app to single lock the doors, arm the alarm, fold in the wing mirrors and close the windows. Press the ‘unlock’ button to unfold the wing mirrors, turn on the dipped headlights and cause the hazard lights to flash twice.

- **Remote Climate** – Prepare your Land Rover in advance by pre-heating or pre-cooling the cabin, so you and your passengers are comfortable the moment you step inside.

- **Beep/Flash** – This feature turns on your Land Rover’s hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle in a crowded car park.

- **Remote Pack** – This app in feature can automatically record your journey history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.

- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

- **Land Rover Optimised Assistance** – If you break down you can make a direct call to the Land Rover Assistance team by pressing the button on the overhead console or from the Assistance screen within the InControl Remote smartphone app.

- **SOS Emergency Call** – In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team who will notify the emergency services to your location.

**CONNECTIVITY**

InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Certain features require the fitment of Connect Pro and a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Android™ is a trademark of Google Inc. Apple Watch® is a registered trademark of Apple Inc., registered in the US and other countries. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Play Store.
INTRODUCING A NEW TYPE OF RANGE ROVER

DESIGN

PERFORMANCE AND CAPABILITY

SAFETY

VERSATILITY

OPTIONAL FEATURES

NAVIGATION PRO

Standard on S, SE and HSE; Navigation Pro allows you to save your favourite places, use pinch and zoom gestures for simple map exploration and can display a choice of either 2D or 3D crystal clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Pack.

CONNECT PRO PACK

Connect Pro consists of 4G Wi-Fi Integrate, and Pro Services, and is designed to enhance your journey with a richer experience ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

Pro Services include:

- Real Time Traffic Information – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on your way to your destination.
- Online Search – Whenever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area.
- Planning Routes and Door-to-Door Routing – Before setting off, use the Route Planner app or online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen. Once you’ve parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.
- Share ETA – You can share your estimated time of arrival so your selected contacts will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.
- Satellite View – There may be times when you want to get the context of your surroundings from overhead. With Connect Pro you can switch to satellite view with a single tap.
- Street Level Imagery – To help you recognize your destination as you approach it, the screen can display a 360 degree panoramic street level image.
- Fuel Price – When you’re going to fill up, the Fuel Price service not only finds filling stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- Commute Mode – Allows the system to learn your commute and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

NAVIGATION PRO

Standard on S, SE and HSE, Navigation Pro allows you to save your favourite places, use pinch and zoom gestures for simple map exploration and can display a choice of either 2D or 3D crystal clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Pack.

CONNECT PRO PACK

- Planning Routes and Door-to-Door Routing – Before setting off, use the Route Planner app or online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen. Once you’ve parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.
- Share ETA – You can share your estimated time of arrival so your selected contacts will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.
- Satellite View – There may be times when you want to get the context of your surroundings from overhead. With Connect Pro you can switch to satellite view with a single tap.
- Street Level Imagery – To help you recognize your destination as you approach it, the screen can display a 360 degree panoramic street level image.
- Fuel Price – When you’re going to fill up, the Fuel Price service not only finds filling stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- Commute Mode – Allows the system to learn your commute and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.
DRIVER ASSISTANCE

MAKING DRIVING EASIER

From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, there’s a wealth of innovative technologies available; either as standard, optional or as part of an optional pack. Whichever you choose, you’ll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

Search: Range Rover Velar Technology for full details.

<table>

<tbody>
<tr>
<td>Cruise Control with Speed Limiter</td>
<td>Adaptive Cruise Control with Queue Assist and Intelligent Emergency Braking</td>
</tr>
<tr>
<td>Lane Departure Warning</td>
<td>Traffic Sign Recognition with Adaptive Speed Limiter</td>
</tr>
</tbody>
</table>

Cruise Control with Speed Limiter allows the driver to maintain the current speed of the vehicle and limit the need for control and use of the accelerating pedal, helping to reduce driver fatigue. The Speed Limiter will also allow the driver to pre-set a maximum speed for the vehicle which will not exceed. Both functions can be easily turned on or off by the driver as desired.

Autonomous Emergency Braking can help to prevent collisions with other vehicles or pedestrians. If a potential frontal collision is detected, a warning is displayed giving you time to take action. A camera at the front of the vehicle monitors at speeds from 5 to 80km/h for frontal collisions and 5 to 60km/h for pedestrians. If a collision is still anticipated and you have taken no action, this system will apply the brakes to help reduce the severity of the possible impact.

Lane Departure Warning can help make long journeys much safer. The system senses when your vehicle is unintentionally drifting out of your lane, and notifies you with a visual alert and a gentle vibration of the steering wheel.

Adaptive Cruise Control with Queue Assist and Intelligent Emergency Braking system works when you’re cruising on the motorway or traveling in heavy traffic. It will help you keep your vehicle a set distance from the one in front should it slow or stop. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the vehicle in front. The system can be activated from 16km/h up to motorway speeds.

If a collision is unavoidable, Adaptive Cruise Control will engage Intelligent Emergency Braking. This system can help reduce injuries and damage by automatically applying the brakes.

Traffic Sign Recognition with Adaptive Speed Limiter Blind Spot Assist

*Available on Range Rover Velar models when auto-dimming, power fold, heated door mirrors with approach lights are selected.

DRIVE PACKS

STANDARD DRIVE FEATURES

OPTIONAL DRIVE PACK* |

OPTIONAL DRIVE PRO PACK* |

Traffic Sign Recognition with Adaptive Speed Limiter |

Blind Spot Assist can help prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, this system provides precisely calculated steering torque – guiding your vehicle safely away from the approaching car.

Driver Condition Monitor detects if you’re starting to feel drowsy and gives you an early warning when you need to take a break.

Blind Spot Monitor alerts you to vehicles in, or quickly approaching your blind spot. When a vehicle is detected, a small warning light will illuminate in the corresponding wing mirror. If you indicate in the direction of the obstacle, the warning light will flash to highlight potential danger.

Traffic Sign Recognition keeps you informed and aware on the road, by displaying speed limits and no overtaking signs in the instrument cluster, where they can easily be seen. When activated, Adaptive Speed Limiter uses Traffic Sign Recognition information to adjust your vehicle’s speed accordingly.

Making every journey safer and more relaxing. The optional Drive Pro Pack contains all the technologies within the Drive Pack, plus the following enhancements:

Lane Keep Assist detects when your vehicle is unintentionally drifting out of your lane, and gently steers you back.

Blind Spot Assist can help prevent collisions. If your vehicle detects another car in your blind spot when you change lanes, this system provides precisely calculated steering torque – guiding your vehicle safely away from the approaching car.

Adaptive Cruise Control with Queue Assist and Intelligent Emergency Braking – See page 28 for Description.

Features and their availability may differ by vehicle specification and market. Please refer to Specification and Price Guide for details or contact your nearest Land Rover Retailer for more information.
ENJOY STRESS-FREE PARKING

Range Rover Velar offers the most advanced technologies to deliver intuitive and easy parking solutions. Whether reversing, parallel parking or getting into or out of tight spaces, these features make life easier. Available as standard, optional or as part of an optional pack.

Search ‘Range Rover Velar Technology’ for full details.

Rear Parking Aid helps make reversing into tight spaces safer. When you select Reverse, sensors located in the rear bumper are automatically triggered. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

Front and Rear Parking Aid helps make manoeuvring even easier. When you select Reverse, or choose to activate them manually, sensors located in the front and rear bumpers are triggered. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

Rear View Camera provides improved visibility when reversing. This valuable parking aid also helps when backing into tight spaces: a graphic superimposed on the rearward image indicates how far you are from obstacles.

Surround Camera System* uses four digital cameras discretely placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

STANDARD PARK FEATURES

- Rear Parking Aid
- Rear View Camera

OPTIONAL PARK FEATURES

- Front and Rear Parking Aid
- Surrounded Camera System

REAR VIEW CAMERA

**ENJOY STRESS-FREE PARKING**

Range Rover Velar offers the most advanced technologies to deliver intuitive and easy parking solutions. Whether reversing, parallel parking or getting into or out of tight spaces, these features make life easier. Available as standard, optional or as part of an optional pack.

Search ‘Range Rover Velar Technology’ for full details.

Rear Parking Aid helps make reversing into tight spaces safer. When you select Reverse, sensors located in the rear bumper are automatically triggered. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

Front and Rear Parking Aid helps make manoeuvring even easier. When you select Reverse, or choose to activate them manually, sensors located in the front and rear bumpers are triggered. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

Rear View Camera provides improved visibility when reversing. This valuable parking aid also helps when backing into tight spaces: a graphic superimposed on the rearward image indicates how far you are from obstacles.

Surround Camera System* uses four digital cameras discretely placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

**STANDARD PARK FEATURES**

- Rear Parking Aid
- Rear View Camera

**OPTIONAL PARK FEATURES**

- Front and Rear Parking Aid
- Surround Camera System

**REAR VIEW CAMERA**

The optional Park Pack assists you with manoeuvring in tight spaces and in urban environments, if features:

360° Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the vehicle are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

Reverse Traffic Detection is particularly useful when reversing out of a parking bay, the system warns you of oncoming vehicles or pedestrians so you can adjust your path before you run into them. Park Assist also alerts you if the view is obstructed.

The optional Park Pro Pack enables you to park and manoeuvre safely and securely in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. The pack contains all the technologies within the Park Pack, plus the following enhancements:

Park Assist (includes 360° Parking Aid) makes parallel and perpendicular parking easier than ever by steering your vehicle into a space. You just have to select the appropriate gear and control the vehicle's speed with the brake and accelerator pedals. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

Search ‘Park Assist’ for full details.

Features and their availability may differ by vehicle specification and market. Please visit our Specifi cations and Price Guide for details or contact your nearest Land Rover Dealer, for more information.

**OPTIONAL PARK PACK**

- 360° Parking Aid
- Surround Camera System

**OPTIONAL PARK PRO PACK**

- 360° Parking Aid
- Surround Camera System
Land Rover are committed to producing vehicles that use more sustainable materials, produce less waste and use fewer natural resources as part of our approach to sustainability excellence. Range Rover Velar's development process has included a full life cycle assessment and has been designed to be 95 percent recyclable/re-usable and 95 percent recoverable at the end of the vehicle's life.

Due to its advanced lightweight properties, Range Rover Velar's body structure is 82 percent aluminium. Our innovative design incorporates up to 50 percent closed-loop recycled material from the manufacturing process of the body sheet, resulting in significant performance benefits and lower life cycle CO2 emissions. The closed-loop supply chain recycles scrap aluminum from the stamping process, segregates it and re-melts it into the same grade-quality sheet, thereby reducing the need for primary aluminum production, whilst maintaining the highest quality.

**Advanced Aerodynamics**

The streamlined design of our latest vehicle has been carefully optimised to make Range Rover Velar the most aerodynamic Range Rover ever. A rear spoiler with two integrated slots to direct airflow over the tailgate minimises rear windscreen soiling and provides a reduction in drag of 0.32 CdA. The option of aerodynamically designed and engineered wheels can also help reduce drag by 5 percent.

**Engine Manufacturing Centre**

Jaguar Land Rover's Engine Manufacturing Centre, where our engines are developed, has been built to the highest environmental standard (BREEAM Excellent) and features the largest rooftop solar panel installation in the UK. Comprising no fewer than 22,600 individual panels, which are capable of providing up to 6.2MW (enough energy to power up to 1,600 homes), the panels generate more than 30 percent of the site's energy, reducing the plant's CO2 footprint by over 2,400 tonnes per year.

Search 'Range Rover Velar Sustainability' for full details.
SAFETY

SAFE AND SECURE

The safety of Range Rover Velar is further enhanced by the latest technologies included as standard:

- **Dynamic Stability Control (DSC)** monitors Range Rover Velar's dynamic behaviour, intervening to maximise vehicle stability. DSC reduces engine torque and applies braking to the appropriate wheels to correct the vehicle's direction of travel by counterevoking understeer or oversteer.

- **Anti-Lock Braking System (ABS)** allows the vehicle to maintain traction with the road surface whilst braking and prevents wheels from locking – thereby retaining the vehicle's ability to steer. The system helps to shorten the braking distance.

- **Electronic Brake-force Distribution (EBD)** automatically varies the braking force to each axle in order to minimise stopping distance, while still maintaining stability and the vehicle's ability to steer.

- **Electronic Traction Control (ETC)** optimises traction and stability by controlling wheel spin. The ETC system reduces torque to the spinning wheel, then applies braking to the wheel, if required.

- **Cornering Brake Control (CBC)** automatically varies the braking force to each wheel when the vehicle's brakes are applied around a corner and the limit of grip is reached. The system will prevent the vehicle's wheels from locking up and skidding in this event through varying the braking force applied to each wheel.

- **Roll Stability Control (RSC)** is integrated with DSC to reduce the possibility of rollover, while providing agility and ability to steer around obstacles. It monitors the vehicle motion and cornering forces to detect any potential risk of rollover. When risk is detected, braking is applied to the outside front wheel to reduce forces which contribute to rollover.

- **Emergency Brake Assist** understands when you apply the brakes quickly but without the necessary force to maximise stopping performance. It therefore boosts the brake pressure through the ABS pump to ensure you stop in time.

- To help reduce the risk of a collision, the Emergency Stop Signal system automatically activates the hazard warning lights during emergency braking.

To improve safety even further, two ISOFIX points for baby/child seat restraints are fitted on each side of the rear seats and a comprehensive system of six airbags including driver, passenger, side curtain and thorax airbags are standard to protect you. For information on active safety features please refer to Driver Assistance pages 28 and 31. Search ‘Range Rover Velar Safety’ for full details.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22” 9 split-spoke ‘Style 9007’ wheels with Diamond Turned finish.
BRIGHTER LIGHTS, SAFER NIGHT-TIME DRIVING

The Range Rover Velar features all-round exterior LED lighting as standard. LED lights are designed to last the lifetime of the vehicle and are more fuel-efficient as they use less energy. The quality of light produced is closer to daylight conditions, so driving at night becomes less tiring, and rear fog lights help ensure the vehicle is visible in all conditions.

Optional Matrix LED headlights enable Intelligent High Beam Assist (IHA) and Adaptive Front Lighting (AFL). By splitting the main beam into imperceptible vertical strips, the IHA maximizes the number of high beam sections around oncoming traffic for ultimate visibility, while maintaining a shadow in front of oncoming vehicles to prevent dazzling. When indicating, optional Static Cornering Lights, which operate at speeds less than 40km/h, illuminate the road or driveway you are turning into.

Driving at night or in poor visibility is made easier by the optional Auto High Beam Assist (AHA), which detects lights ahead and automatically dips the main beam for oncoming traffic.

Optional Matrix LED headlights enable Intelligent High Beam Assist (IHBA) and Adaptive Front Lighting (AFL). By splitting the main beam into imperceptible vertical strips, the IHBA maximizes the number of high beam sections around oncoming traffic for ultimate visibility, whilst maintaining a shadow in front of oncoming vehicles to prevent dazzling. The AFL system optimises the lighting beam to suit a range of driving conditions: town, country, motorway and bad weather. Both systems work together to maximise visibility in all conditions.

Laser high beam technology provides the ultimate headlight option, delivering five times higher luminance than standard LED lights. Operating above 80km/h and where no other external lights are detected, the system produces clear sight for over half a kilometre.
VERSATILITY

TRULY FLEXIBLE

Range Rover Velar enjoys optimum levels of space. Occupants can enjoy the highest levels of comfort and exemplary levels of stowage.

Automatic Access Height, as part of the optional Electronic Air Suspension, allows you to get in and out of the vehicle with greater ease. When you arrive at your chosen destination and the ignition is switched off or the seat belts are unclipped, the vehicle lowers by an initial 10mm. Then, as you open the door, it drops to its full access height of 40mm lower, making exit – and entry – more relaxed and elegant. The ride height automatically returns to its normal height as you pull way.

Exceptional 970mm head clearance and 945mm knee clearance in the second row enables passengers to stretch out and relax. An optional electric recline function is also available for the rear seats, offering occupants in the second row additional comfort.

Optional Four-zone Climate Control helps make life more comfortable for everyone, by adjusting temperature levels, direction and intensity of airflow.

The 40:20:40 second row seat configuration features a rear-seat pass-through for stowage of items, an armrest** and for the greatest possible storage space, the entire row can be folded. Optional Rear Seat Remote Release Levers are located in the luggage compartment and, when released, mechanically fold all the seats down. Even when you’re heading off on an extended road trip, you don’t have to compromise on space. With a maximum loadspace of 673 litres†, you can carry several suitcases or other bulky items with ease.

A detachable tow bar with a load capacity of 2,500kg is available as an option. Alternatively, there is the option of an electrically deployable tow bar‡, stowed in the rear bumper, with a load capacity of 2,500kg. Both allow you to use items such as bike carriers from the range of Land Rover Gear, adding even more versatility to the vehicle. Everything has been designed and engineered for ease of use and adaptability, to fit perfectly with your lifestyle.

Search ‘Range Rover Velar Versatility’ for full details.

---

**Standard on D300 and P380 engines. Optional on D240.**

***Armrest not available with 8-way manual seats.***

†When Tyre Repair System is fitted.

‡Please check with your Land Rover Retailer for local market availability.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22” 9 split-spoke 'Style 9007' wheels with Diamond Turned finish.
The following pages take you through a logical series of steps to personalise your Range Rover Velar. You have a number of choices; from selecting your model and engine, to exterior and interior colours, wheels, finishes and those detailed touches that make the vehicle your own.

You can start with our online configurator at landrover.com

**RANGE ROVER VELAR OFFERS AN EXCLUSIVE RANGE OF CHOICES THAT ALLOW YOU TO PERSONALISE YOUR VEHICLE.**

**STEP 1**
**CHOOSE YOUR MODEL**
If you would like Land Rover designers to choose your Range Rover Velar features for you, turn to page 42 to see our First Edition.
If you would like to specify your own vehicle, turn to page 44 where you can compare the standard features across Range Rover Velar and Range Rover Velar R-Dynamic.

**STEP 2**
**CHOOSE YOUR ENGINE**
You can select from a range of powerful diesel or petrol engines.

**STEP 3**
**CHOOSE YOUR SPECIFICATION PACK**
You can individualise your Range Rover Velar even further from a choice of superbly designed and engineered premium specification packs.

**STEP 4**
**CHOOSE YOUR EXTERIOR**
There’s a wide range of exterior options to select from; roof style, paint colours, exterior design packs and wheels—all enable you to truly express yourself.

**STEP 5**
**CHOOSE YOUR INTERIOR**
Once you’ve chosen your seat style, select your preferred colourway and choice of finishes.

**STEP 6**
**CHOOSE YOUR OPTIONS AND LAND ROVER GEAR**
You can choose from a wealth of line-fit options to create the exact vehicle you require. A range of accessories which your retailer can fit is also available to select from.

**TECHNICAL DETAILS**
Technical information and data for dimensions, performance and specifications.
Range Rover Velar First Edition represents the epitome of the vehicle’s design story. First Edition is only available in the first year of sales and includes the very finest touches and options as standard. It is produced in three exterior colours: Corris Grey, Silicon Silver or Flux Silver, a satin finish which is meticulously applied at our Special Vehicles Operations facility in Warwickshire, England. Search ‘Range Rover Velar First Edition’ for full details.

Specifications, options and availability vary between markets and should be verified with your nearest Land Rover Retailer.

When you have selected your preferred engine, colour and wheels, visit pages 70-77 to choose from our wide range of Options and Land Rover Gear.

Meridian is a registered trademark of Meridian Audio Ltd.
To help you choose between the Range Rover Velar or Range Rover Velar R-Dynamic, this guide provides the standard features across both models, plus the additional features you will get should you select Range Rover Velar R-Dynamic.

Range Rover Velar’s elegant proportions and unmistakable Range Rover design cues create a vehicle that simply demands attention.

STANDARD FEATURES

TRANSMISSION AND DYNAMICS
- Single-speed transfer box
- Electric Parking Brake (EPB)
- 8-speed Automatic Transmission
- Terrain Response
- Anti-Lock Braking System (ABS)
- Adaptive Dynamics
- Torque Vectoring by Braking
- Hill Descent Control (HDC)
- Hill Launch Assist
- Gradient Release Control (GRC)
- Electronic Traction Control (ETC)
- Dynamic Stability Control (DSC)
- Cornering Brake Control (CBC)
- Autonomous Emergency Braking
- Lane Departure Warning
- Speed Proportional Electronic Power Assisted Steering (EPAS)
- Low Traction Launch
- Coil suspension
- Electronic Air Suspension*
- Stop/Start
- Trailer Stability Assist (TSA)

EXTERIOR FEATURES AND FINISH
- Rain sensing wipers
- Tailgate slotted spoiler
- Flush deployable door handles
- Heated exterior mirrors
- Solid paint
- Acoustic laminated windscreen

HEADLIGHTS AND LIGHTING
- Automatic headlights
- Follow me home lighting
- Rear fog lights
- Front and rear LED lights

WHEELS AND OPTIONS
- Tyre Pressure Monitoring System (TPMS)
- 18" 15 spoke ‘Style 1022’
- Tyre Repair System
- All season tyres

INTERIOR FEATURES
- Touch Pro Duo
- Sunvisors with illuminated vanity mirrors
- Push Button Start
- Morzine headlining
- Painted door finishers
- Leather steering wheel
- 5" display with instrument panel
- Black gearshift paddles
- Metal loadspace scuff plate and metal front treadplates
- Two-zone Climate Control
- Ambient Interior Lighting
- Bluetooth® connectivity
- Air Quality Sensor
- Auto-dimming interior rear view mirror
- Land Rover Sound System 250W with 8 speakers
- Remote

SEATING FUNCTIONALITY
- Luxtec and suedecloth seats
- 8-way manual front seats
- Two piece sliding front centre armrest
- 40:20:40 split fold rear seat
- Second row centre headrest

CONVENIENCE
- Keyless Entry
- Rear Parking Aid
- Cruise Control with Speed Limiter (90mph/145km/h)
- Manual release
- Loadspace cover
- Voice Control
- Manual tailgate
- Manual tailgate
- Loadspace cover
- Voice Control
- Manual tailgate
- Power Socket Pack 1 – 2 x USB, 3 x 12V
- Lockable glovebox
- Electric windows with one-touch open/close and anti-trap

SAFETY
- Perimetric alarm and immobiliser
- Advanced Emergency Brake Assist
- 325mm front brakes
- 350mm front brakes*
- Brake pad wear indicator
- 6 airbags
- Emergency Stop Signal (ESS)
- Seat belt reminder
- Rear ISOFIX
- Power operated child locks

*Standard on D300 and P380 engines.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

SELECT RANGE ROVER VELAR OR RANGE ROVER VELAR R-DYNAMIC

STANDARD FEATURES IN ADDITION TO STANDARD FEATURES:
- R-Dynamic features
- Lorimer Cloth with Narvik Black contrast Stitching
- Including integrated smoke exhaust finishers*
- Front and rear exterior finishers
- White contrast stitching
- R-Dynamic badges
- Black nappa with Narvik Black scalps
- Power tailgate

RANGE ROVER VELAR

RANGE ROVER VELAR R-DYNAMIC

Range Rover Velar R-Dynamic has a purposeful stance with Brushed Copper bumper accents, bonnet vents and side vents adding greatly to its sophisticated contemporary look and feel. The bonnet badge, tailgate script and grille are finished in Shadow Atlas while inside, the vehicle features Satin Chrome gearshift paddles and bright metal pedals to enhance the sportier feel.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

*Standard on D300 and P380 engines.
2

CHOOSE YOUR ENGINE

You can choose from five powertrains: three of which are diesel and two petrol. Range Rover Velar delivers effortless performance from its advanced line-up of refined and fuel-efficient diesel and petrol engines, which are paired with a smooth and responsive 8-speed Automatic Transmission.

– Park Pro Pack consisting of; Park Assist (includes 360° Parking Aid) and Reverse Traffic Detection

STEP 3

CHOOSE YOUR SPECIFICATION PACK
CHOOSE YOUR EXTERIOR

SELECT YOUR ROOF

Choose from an optional sliding panoramic or fixed panoramic roof both of which enhance the sense of space in the vehicle’s interior and flood it with natural light. The fixed panoramic roof provides uninterrupted views of the surrounding environment. The sliding panoramic roof opens fully to let the outside in. You can also select either body-coloured or Black contrast roof to further enhance your vehicle’s exterior.

- Body-coloured Roof (Standard)
- Black Contrast Fixed Panoramic Roof* (Optional)
- Body-coloured Fixed Panoramic Roof (Optional)
- Black Contrast Sliding Panoramic Roof* (Optional)
- Body-coloured Sliding Panoramic Roof (Optional)

*Narvik Black or Santorini Black exterior colour finishes.

All vehicles shown are R-Dynamic HSE with options.

SELECT YOUR PAINT COLOUR

Now you have chosen your preferred roof style, you can select your exterior paint colour. From rich, deep lustres to smooth, crisp metallics, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat colour. Our optional metallics deliver a sparkle finish that is sure to catch the eye. And our optional premium metallic paints further enhance the exterior form through the intensity of the liquid like smoothness to give your vehicle even more presence.

- Corris Grey (Metallic)
- Fuji White (Solid)
- Indus Silver (Metallic)
- Narvik Black* (Solid)
- Fuji White (Solid)

*Black contrast roof not available with Narvik Black or Santorini Black exterior colour finishes.

All vehicles shown are R-Dynamic HSE with options.

</table>
| Technically advanced, Luxtec is a smooth, soft-touch material which is complemented by suedecloth. This is a sustainable, lightweight, premium microfiber suede fabric made from recycled materials.
| Perforated grained leather: | | | | | |
| Grained leather is embossed with a natural robust leather grain which makes it both durable and easy on the eye.
| Perforated grained leather and suedecloth: | | | | | |
| Grained leather is embossed with a natural robust leather grain which makes it both durable and easy on the eye. This is matched by suedecloth which is an eco-sustainable, lightweight, premium microfiber suede fabric made from recycled materials.
| Perforated Windsor leather: | | | | | |
| Smooth in appearance and extremely supple to the touch, Windsor leather is made using high-grade hides and minimal processing. It has a light dye coating so is a more natural product.
| Premium textile and suedecloth*: | | | | | |
| A premium, contemporary textile developed in collaboration with Europe’s leading quality upholstery textiles manufacturer, Kvadrat. This material is an exceptional new option.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover retailer.

---

*After Rear Seat Entertainment is selected, powered 20-way seats are replaced with powered 18-way seats due to screens in headrest backs. **Only available when the Premium Textile Interior Pack is selected.
SELECT YOUR INTERIOR COLOUR COMBINATION

A calm sanctuary. That’s how it feels to be in the cabin of Range Rover Velar where the choice of materials, finishes and craftsmanship all combine so effortlessly.

Use the table below to select your colour combinations. Or see the full range in greater detail on pages 63-65.

INTERIOR COLOUR COMBINATIONS

The colour combinations add to that sense of serenity with a comprehensive range on offer to suit all tastes. Colour combinations shown are available on all models, please check the table on pages 60 and 61 for seat functionality and material availability.

**Ebony**
available with Luxtec and suedecloth, perforated grained leather or perforated Windsor leather.

**Light Oyster**
available with perforated grained leather or perforated Windsor leather.

**Acorn**
available with perforated grained leather or perforated Windsor leather.

Interior shown: SE interior in Ebony with Ebony perforated grained leather and Shadow Aluminium finisher.
Interior shown: SE interior in Light Oyster with Light Oyster perforated grained leather and Argento Pinstripe High Gloss veneer.
Interior shown: SE interior in Acorn with Acorn perforated grained leather and Satin Blonde Linear veneer.

Visit landrover.com to configure your vehicle online.
STEP 5
CHOOSE YOUR INTERIOR
INTERIOR COLOUR COMBINATIONS
PREMIUM TEXTILES

Range Rover Velar offers a fresh alternative to leather, contemporary and beautifully crafted textiles. In partnership with the world-renowned designers and craftsmen at Kvadrat, durable wool blend and sueded cloth fabrics can be selected in a choice of colourways*.

Tested to the limits, these technologically advanced textiles are a superb alternative to leather and are available in all models.

*Only available when the Premium Textile Interior Pack is selected.

Visit landrover.com to configure your vehicle online.
SELECT YOUR INTERIOR FINISHERS

Now you’ve chosen your interior colour combination, choose one of eight interior finishers that are beautifully displayed above the door armrests, indicated by the number 1 below.

STANDARD

- Satin Umber Linear veneer
- Argento Pinstripe High Gloss veneer

OPTIONAL

- Satin Blonde Linear veneer
- Satin Charcoal Ash veneer
- Satin Umber Linear veneer – Shadow Aluminium finisher
- Carbon Fibre with Copper Wire Weave finisher
- Grand Black veneer
- Standard Black veneer
- Satin Charcoal Ash veneer
- Satin Umber Linear veneer

*Optional on Range Rover Velar.

Visit landrover.com to configure your vehicle online.
As standard the Range Rover Velar S model includes perforated leather seats, Cut Diamond grain Luxtec on the mid instrument panel and door top roll lowers. A leather steering wheel with Black gearshift paddles is also included.

Windsor leather on the mid instrument panel and door top roll lowers. Leather steering wheel**, airbag cover with Satin Chrome bezel and Satin Chrome gearshift paddles.

To add additional touches of individuality, sophistication and comfort to your cabin space, you can choose from three interior design packs.

* R-Dynamic models are pre-selected with leather steering wheel, airbag cover with Satin Chrome bezel and Satin Chrome gearshift paddles. Leather upgrades are available as individual options.

** Leather steering wheel matches specified interior trim.

All vehicles shown are R-Dynamic with optional features.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer. Visit landrover.com to configure your vehicle online.
6  

**CHOOSE YOUR OPTIONS AND LAND ROVER GEAR**

**SELECT YOUR OPTIONS**

A wealth of line-fit options are available to select from at the point of ordering your new vehicle, to help you express your individuality and appoint your Range Rover Velar with precisely the premium features you require.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

---

### EXTERIOR FEATURES

- **Roof Rails**
  - Provides practicality in storage for oar paddles, sonar transducers and additional luggage, or for lengthen roof bars and additional roof boxes.
  - Black in Silver Finish: The available at all Land Rover Dealers.

- **The Badges**
  - The range of option to remove both the derivative and engine badges from the rear of the vehicle.

- **Privacy Glass**
  - Provides privacy for rear passengers by restricting vision into the rear cabin.

- **Auto Dimming, Power Fold, Heated Door Mirrors with Approache Lights**
  - These advanced, heated mirrors are power folding to avoid damage when parking in confined spaces. In addition, the door mirror features auto-dimming functionality when the reverse gear is selected, improving visibility when manoeuvring.

- **Visible Features**
  - The mirrors feature the Range Rover Velar silhouette. The mirrors are also equipped with a memory function when combined with memory seats. Once you set your preferred driving position settings, it automatically recalls your preferred driving position settings.

- **Fixed or Sliding Panoramic Roof**
  - Provides an electric pump and a canister of sealant to enable a temporary repair and re-inflation for a puncture of up to 6mm diameter in the tread area of the tyre, but not in the tyre walls.

- **Tyre Repair System**
  - Provides an electric pump and a canister of sealant to enable a temporary repair and re-inflation for a puncture of up to 6mm diameter in the tread area of the tyre, but not in the tyre walls.

- **Tungsten or Athos Black Convertible Top**
  - Greatly reduces wind noise by sliding the soft top forward to the rear of the vehicle and moving the fabric roof back into the storage area of the tyre, but not in the tyre walls.

---

- **Electronic Air Suspension**
  - See page 15 for details.

- **Configurable Dynamics**
  - See page 15 for details.

### DRIVING AIDS

- **Engine Pre-Heater**
  - This option can prove invaluable on cold winter mornings as it warms the engine quicker, delivers less engine wear and reduces fuel consumption.

- **Engine Start Button**
  - It’s also a more environmentally friendly way to start the vehicle.

- **Engine Start/Stop System**
  - This option can save fuel and reduce CO2 emissions.

- **Engine Stop/Start System**
  - The greater thermal mass of the 350mm front brakes improves resistance to brake fade.

- **350mm Front Brakes**
  - It’s also a more environmentally friendly way to start the vehicle.

You can use the Activity Key while the conventional key fob is deactivated – and keep your vehicle key with you. You can use the Activity Key while the conventional key fob is deactivated.

- **HomeLink®**
  - If an electronically deployable or detachable tow bar is selected an alternative rear tow eye cover will be present.

- **Timed Climate with Remote**
  - This pre-heats the engine, channelling residual heat into the cabin, so the vehicle is warm and comfortable by the time you leave the house. It has an integrated 7-day timer. It can be used daily or a single event up to 16 days ahead.

- **Illuminated Treadplates**
  - Illuminated aluminium treadplates, featuring Range Rover or R-Dynamic script are available on driver and front passenger sides.

- **Premium Carpet Mats**
  - Finger-friendly, underfoot comfort for the driver and front passenger.

- **Leather Steering Wheel**
  - A heated leather steering wheel with beautifully integrated Chrome bezel, and thumb grips for better comfort and grip.

- **Chrome Instrument Panel End Caps**
  - Finished in Satin Chrome to provide exceptional detailing.

- **Lockable Cooled Glovebox**
  - Provides an option to vent the cooled air from the air con system.

- **Bright Metal Pedals**
  - Gearshift paddles are finished in Satin Chrome to provide exceptional detailing.

- **Steel Centre Console Doors**
  - Enables easier access to the centre console.

- **Satellite Beat Navigation**
  - Enables easier access to the centre console.

- **Leather Headlining**
  - Provides an option to vent the cooled air from the air con system.

- **Cabin Air Ionisation**
  - Cleans the air, removing insect pollen, any viruses, airborne bacteria and associated odours. It does so by ionising the air to create high energy ions in the cabin. These ions destroy the organisms and neutralise the odours.

- **Rear Seat Remote Release Levers**
  - Provides two additional USB charge points in the second row.

- **Remote release of the rear seats via levers in the loadspace area makes it easy to load and unload items.

- **Loadspace Storage Rails**
  - Loadspace rails extend and adjust to secure items. Not compatible with full size spare wheel.

- **Loadspace Partition Net**
  - This offers Activity Key, Rear Seat Remote Release Levers and the Smoke Pack.

- **Smoker’s Pack**
  - This includes the Four-zone Climate Control, Cabin Air Ionisation and Climate Pack.

- **Cabin Air Filter**
  - Provides a system with an integrated filter for the driver, front passenger and children in the loadspace area. This reduces temperature and odours in the centre console.

- **Rear Seat Entertainment**
  - Provides a system with an integrated filter for the driver, front passenger and children in the loadspace area. This reduces temperature and odours in the centre console.

- **Android Auto**
  - Enables easier access to the centre console.

- **USB Port**
  - Enables easier access to the centre console.

- **Chromed Dash Vents**
  - Enables easier access to the centre console.

- **Remote Control**
  - Enables easier access to the centre console.

- **Head-up Display**
  - Enables easier access to the centre console.

- **Soft Touch Materials**
  - Enables easier access to the centre console.
SELECT YOUR LAND ROVER GEAR

A range of stylish, tough and practical accessories is available, bringing you the opportunity to personalise your Range Rover Velar even further. These accessories can be purchased through your Land Rover Retailer and added at any stage during the vehicle’s life – not just when it’s new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For our full range of accessories please search ‘Land Rover Accessories’ to view the online accessories catalogue.

SELECT YOUR LAND ROVER GEAR

TOURING ACCESSORIES

Cross Bars (optional roof rails required, see page 70)

VPLYR0162

Elegantly designed roof rails (which are an option fit only) facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Maximum payload is 74kg**. Durable Bright finish aluminium cross bars, with T-track design which utilise the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimises drag and wind noise. The incremental height when fitted is 93mm.

Large Sports Roof Box*

VPLWR0100

Loadspace mounted rails to help increase the flexibility of loadspace stowage, also allowing the fitment of the luggage retention kit stowage system. Power-click quick mounting system with integrated torque indicator for easy and secure fixation with a single-handed grip. Opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Integrated base mat for extra secure loading. Load capacity eight skis/five-six snowboards, max length of skis 205cm. Volume 430 litres. Maximum payload 74kg**.

Centre Armrest Cooler/Warmer Box

VPLVS0176

Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

iPhone® Connect and Charge Dock

VPLRV0119

The iPhone connect and charge dock has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the centre console. When connected the iPhone media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The ‘cut-out’ design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

Wireless Phone Charging Cupholder

VPLRV0118

The wireless phone charging cupholder has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the centre console. The holder will accommodate phones up to 73mm wide securely in place. The charger displays an LED light to indicate when charging, and turns off when complete.

Click and Go Accessory System

VPLRS0388

The Click and Go range is a multi-purpose seat–back system for second row passengers. The versatile Click and Go Base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

*Roof rails and cross bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

**Maximum payload equals the load capacity of the roof mounted accessory.

iPhone® is a trademark of Apple Inc., registered in the US and other countries.

75
**OUTDOOR ACCESSORIES**

- **Aquasports Carrier†**
  - Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak from scratches/scuffs. Maximum load capacity 45kg†.

- **Kayak Carrier†**
  - For easy loading and is also lockable for security. Maximum payload 36kg†.

- **Roof Mounted Bike Carrier†**
  - Lockable bike carrier designed for holding a single bike up to 20kg. Features a quick release design for ease of use and lockable for security. Maximum load capacity 51kg (on the 3 bike carrier).

- **Luggage Carrier†**
  - Flexible rack system to facilitate roof carrying. Maximum payload 61kg‡.

- **Loadspace Retention Kit**
  - Comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Rubber Mat**
  - Land Rover branded waterproof rubber mat, with retaining lip, helps to protect the rear loadspace carpet from general dirt. This waterproof mat extension covers the back of the rear seats when they are folded down.

- **Loadspace Semi-Rigid Liner Tray**
  - Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

- **Front and Rear Mudflaps**
  - Protects seats from wet, dirty clothes as well as general wear and tear. High grade Carbon Fibre fabric covers, with high gloss finish, provide a performance inspired premium styling update.

- **Carbon Fibre Mirror Covers**
  - Sleek and dynamic Carbon Fibre rear spoiler for Range Rover Velar.

- **Sports Rear Spoiler**
  - Provides a performance-inspired premium styling upgrade.

- **Sports Rear Spoiler**
  - High grade Carbon Fibre side power vents with a High Gloss finish.

- **Personalised Illuminated Metal Front and Rear Treadplates**
  - Illuminated treadplates with Range Rover script and halo surround. Personalised illuminated treadplates allow you to choose a personalised illuminated rampaged range of colours to reflect your personality and lifestyle. Maximum load capacity 7kg.

- **Loadspace Partition Net*†**
  - Designed to prevent luggage from entering the passenger compartment. A non-woven fabric net with waterproof backing, provides a well appointed finishing touch to the interior.

- **Loadspace Rubber Mat**
  - Designed to provide a non-slip surface to the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Semi-Rigid Liner Tray**
  - Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

- **Loadspace Retention Kit**
  - Comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Semi-Rigid Liner Tray**
  - Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

- **Loadspace Rubber Mat**
  - Designed to provide a non-slip surface to the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Retention Kit**
  - Comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Semi-Rigid Liner Tray**
  - Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

- **Loadspace Rubber Mat**
  - Designed to provide a non-slip surface to the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Retention Kit**
  - Comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Semi-Rigid Liner Tray**
  - Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

  - Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

- **Loadspace Rubber Mat**
  - Designed to provide a non-slip surface to the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.

- **Loadspace Retention Kit**
  - Comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap to help prevent luggage from falling out. Maximum load capacity 34kg.
TECHNICAL DETAILS

DIMENSIONS AND CAPABILITIES

- **Standard Ride Height**
  - With roof rails: 1,657mm
  - With roof antenna: 1,685mm
  - With panoramic roof open: 1,705mm
  - Access height (air suspension setting): 1,695mm
  - Reduction: 40mm

- **Headroom**
  - Maximum front: 970mm
  - Rear: 966mm

- **Legroom**
  - Maximum front: 1,024mm
  - Maximum rear: 945mm

- **Loadspace Capacity**
  - **Rear seats upright**
    - Height: 1,045mm, Width: 1,247mm
    - Volume: 673 litres
    - Width between arches: 1,050mm
    - Length at floor: 1,035mm
  - **Rear seats forward**
    - Height: 1,045mm, Width: 1,247mm
    - Volume: 1,731 litres
    - Width between arches: 1,050mm
    - Length at floor: 1,795mm

- **Obstacle Clearance**
  - **Off-road**
    - R-Dynamic: 28.89° (27.15°)
    - Standard: 25.93° (25.06°)
  - **Approach Angle**
    - R-Dynamic: 23.5°
    - Standard: 21°
  - **Ramp Angle**
    - R-Dynamic: 29.5° (29.07°)
    - Standard: 27.3° (26.8°)
  - **Departure Angle**
    - R-Dynamic: 29.5° (29.07°)
    - Standard: 27.3° (26.8°)

- **Wading Depth**
  - Maximum wading depth: 650mm (Electronic Air Suspension)
  - 600mm (Coil Suspension)

- **Vehicle shown**
  - R-Dynamic HSE in Silicon Silver with optional panoramic roof, Black contrast roof, privacy glass and 22" 9 split-spoke 'Style 9007' wheels with Diamond Turned finish.
  - *Electronic Air Suspension only.

Visit landrover.com to configure your vehicle online.
Your Land Rover has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can’t reach in a style that cannot be matched. To celebrate the Land Rover lifestyle, we’ve put together a range of experiences, publications and Land Rover branded goods. There’s a world to explore. Get out there and enjoy it.

**LAND ROVER EXPERIENCE**

Land Rover Experience Centres have expert instructors on hand to help you make the most of driving our vehicles. You can enjoy a Taster Drive to a Full Day course at one of the centres in our expanding network around the world, visit one of our factories or go even further afield on one of our Adventure Travel holidays.

**ONELIFE MAGAZINE**

Free twice a year for your first three years as a Land Rover owner, this award-winning magazine features the best in photography, authoritative journalism and expert insights. Onelife takes you right into the heart of exclusive experiences and extraordinary adventure, whilst keeping you up to date with the latest innovations, design and lifestyle choices.

**PARTNERSHIPS**

We are delighted to partner individuals, teams and events who share our pioneering spirit. As Title and Exclusive Innovation Partner to Ben Ainslie Racing, Land Rover are an integral part of the team challenging for the biggest prize in world sailing, the 35th America’s Cup. With pioneering spirit core to what makes Land Rover unique, our association with Virgin Galactic continues a proud tradition.

**HUMANITARIAN PARTNERSHIPS**

Since 1954, Land Rover have supported the International Federation of Red Cross and Red Crescent Societies (IFRC) in reaching 150 million people needing aid in 189 National Societies.

**SPECIAL VEHICLE OPERATIONS**

Utilising the very latest in technologies and craftsmanship, our state-of-the-art Special Vehicle Operations facility creates the ultimate in truly personalised vehicles.

**LAND ROVER COLLECTION**

Our latest range of clothing and luxury leather goods is crafted with the same design excellence and attention to detail as our vehicles. We also have a collection that honours Land Rover’s unique heritage and features expedition-inpired gifts and apparel.

YOUR PEACE OF MIND

CUSTOMER SERVICE

When you bring your Land Rover to us, we use cutting-edge diagnostic equipment to assess all your vehicle’s mechanical and electronic systems. Our qualified Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and accessories. A choice of service plans are available which, together with Roadside Assistance, ensure complete peace of mind.

For further details contact your local Land Rover Retailer or search ‘Land Rover Ownership’.

LAND ROVER ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please contact your local Land Rover Retailer or search ‘Land Rover Roadside Assistance’.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it’s more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer or search ‘Land Rover Finance’.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service. Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO2 emissions.

Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO2 emissions.
